PRESIDENT REPORT

April already and the nationals just a few days away to all of those going the club wishes you all the best in WA.

After the wash out of the first April clubby this one is now the championship one for April that is if it is not washed out too (only joking?).

During April there has been a little bit of work going on (if you have not seen it) we built the beginners track at the fence of the running track this is for inexperienced people to learn to jump, manual and pump and hopefully this will be a great asset to the club coaching and training. Having built it there are a few people to thank for it like that great bloke from Dirty Diggers (MB) that loaned out his bobcat (with only 8 hours on the clock) and truck and other tools and not to mention the use of one of his employees Jim whom gave up his Saturday to help thanks Stuart. There was also Matt Dunsworth who helped in shaping the corner with the bobcat and track roller and not to mention the three young fellas that helped out in doing the surface on the corner Tyson May (shepparton) Bodi Turner (eastfeild) and Maddie Denholm (PO) thanks guys. All so there was one old bloke who gave up 6 days to work on the track to make it what it is thanks Larry. And for any one I have missed thank you. By the way if you are one of those that stood around and told me all the things I was doing wrong with the track but did not want to help with a shovel I DON'T NEED YOUR HELP.

Any way hopefully we all have a great night of racing the last before the Nationals so enjoy it.

By the way we are always looking for people to help out in what ever way you can so come one give us a hand.

Good luck again to all going to WA.

Cameron Murray

RIDERS PROFILES

NAME: Bodie Hillyer

RACE NUMBER: #50

BIKE YOU RIDE: Intense Podium

FAVOURITE TRACK: Knox and South Eastern

HOBBIES/INTERESTS: Riding BMX
